Target version:			
PM Check date:			

Description

Distro: Alpine

History

#1 - 09/23/2019 01:14 PM - Nico Schottelius

- Priority changed from Normal to Immediate

#2 - 09/24/2019 09:23 PM - Ahmed Bilal

(Django-survey-and-report + sqlite3 + gunicorn + supervisord + nginx + letsencrypt (https:// working)) with cdist. See https://code.ungleich.ch/ungleich-intern/dot-cdist/tree/survey_report/type/__ungleich_survey_report

Remaining:

- LDAP (What to do about LDAP? I have no idea. Should I patch it to work with survey app)? If we are short on time we should make it open/public (just like we did previously Google Forms).
- Backup (Still trying to figure out how it (ccollect) is supposed to get my data from vm to backup{5 | 6})

#3 - 09/25/2019 04:55 AM - Nico Schottelius

If we skip LDAP, how would people be authenticated to fill in the survey?

redmine@ungleich.ch writes:

#4 - 09/25/2019 06:21 AM - Ahmed Bilal

Just make it public and ask them their emails.

#5 - 09/25/2019 12:31 PM - Nico Schottelius

Sounds about right -- can you coordinate with Sanghee to launch the survey by Sunday?

redmine@ungleich.ch writes:

#6 - 09/25/2019 02:38 PM - Ahmed Bilal

I will. Thanks :thumbup:

#7 - 09/28/2019 07:24 PM - Ahmed Bilal

- Status changed from New to Feedback

#8 - 09/28/2019 07:42 PM - Ahmed Bilal

- Assignee deleted (Ahmed Bilal)

Can be found at https://survey.hack4glarus.ungleich.ch and cdist type can be seen at https://code.ungleich.ch/ungleich-intern/dot-cdist/tree/survey_report/type/__ungleich_survey_report

#9 - 09/29/2019 06:54 PM - Ahmed Bilal

To change "Welcome to Django Survey app" message to "Hack4Glarus application"

```
sed -i -e 's/{% trans \"Welcome to the Django Survey app\"%}/Hack4Glarus application/g'
 /usr/lib/python3.7/site-packages/survey/templates/survey/list.html
```

To change "Take the Survey" message to "Apply for"

```
sed -i -e 's/{% trans \"Take the Survey\"%}/Apply for/g'
 /usr/lib/python3.7/site-packages/survey/templates/survey/list.html
```

To change "I'm done!" message to "Submit"

```
sed -i -e "s/{% trans \"I\'m done!\" %}/Submit/g"
 /usr/lib/python3.7/site-packages/survey/templates/survey/survey.html
```

#10 - 10/09/2019 02:04 PM - Ahmed Bilal

- Assignee set to Nico Schottelius

- Priority changed from Immediate to Normal

It is done.

#11 - 10/09/2019 05:25 PM - Nico Schottelius

- Project changed from hack4glarus-2019-winter to Open Infrastructure

- Assignee changed from Nico Schottelius to Ahmed Bilal

Question: is your code merged back into cdist? If yes, close the issue, if no, coordinate with Balazs for merging.

#12 - 10/14/2019 11:52 AM - Il nu

Looks good from my side.

#13 - 10/14/2019 11:53 AM - Il nu

- Status changed from Feedback to Closed

#14 - 10/14/2019 11:54 AM - Ahmed Bilal

- Assignee deleted (Ahmed Bilal)
