

Open Infrastructure - Task #6414

Expose the console of the VM to the users (noVNC or spice)

01/30/2019 11:35 AM - Nico Schottelius

Status:	Closed	Start date:	01/30/2019
Priority:	Normal	Due date:	02/28/2019
Assignee:	Mondi Ravi	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
PM Check date:	02/10/2019		
Description <ul style="list-style-type: none">• Requested by user: 2x <p>Version a) in Django:</p> <ul style="list-style-type: none">• Either by indirection through opennebula• Or using the tokens directly and exposing the vnc proxy to the user• Need to checkout firewall for opening up <p>Version b) via sunstone:</p> <ul style="list-style-type: none">• Or we grant limited access to sunstone (we could in theory just create a new view there) <p>I have the feeling version (b) could be easier, but ties us stronger to opennebula. Can you checkout which version is more feasible from your point of view?</p>

Mondi Ravi, can you update the status of the task, please?

#3 - 06/25/2019 06:49 PM - Nico Schottelius

Update from my side:

we should go with guacamole for this
