ipv6 - Task #7573

Task # 7566 (Rejected): Outgoing SMTP smarthost

Spamlike message filtering

01/06/2020 12:15 PM - Moris Jones

Status:	Rejected	**Start date:**	01/06/2020
Priority:	Normal	**Due date:**	
Assignee:	Nico Schottelius	**% Done:**	0%
Category:		**Estimated time:**	0.00 hour
Target version:			
PM Check date:			

Description

Add a spamfilter to the smarthost which blocks messages that will cause email providers to blacklist or graylist the smarthost.

The blocking should be clearly explained (what, why), and ideally have the option of differing strictness levels.
