Target version:			
PM Check date:			
Description <ul style="list-style-type: none">• We need temper.py on openwrt to measure temperature• Currently it is installed using https://code.ungleich.ch/ungleich-public/ungleich-tools/-/blob/master/openwrt-add-temper.sh• The best solution is to have a "temper" upstream package that we as ungleich can be responsible for• pypi url: https://pypi.org/project/temper-py/			

History

#1 - 12/03/2020 08:05 PM - Nico Schottelius

- Description updated

#2 - 12/03/2020 08:13 PM - Timothée Floure

- Status changed from New to Seen

ACK. Will take a look next week.

#3 - 12/03/2020 08:18 PM - Nico Schottelius

Thanks!

[@Nico_Schottelius](#) Can you give me access to one of our Openwrt nodes for testing purposes?

#6 - 12/17/2020 12:56 PM - Nico Schottelius

Feel free to checkout viirb1, reachable at root@2a0a:e5c1:301::42 - it has a temper sensor attached.

- Status changed from In Progress to Waiting

Sorry for the latency here - many things happening on my side (I still have to figure where to live in 10 days!) so I've put this away since it does not look like a priority. I'll process it next week.

redmine@ungleich.ch writes:

I have apackage definition but viirb1's address is unreachable.

#10 - 07/29/2021 06:09 PM - Timothée Floure

- *Status changed from In Progress to Waiting*
- *Assignee deleted (Timothée Floure)*

Is this still relevant?

#11 - 07/29/2021 08:15 PM - Nico Schottelius

- *Status changed from Waiting to New*

Still relevant.

#12 - 01/02/2024 02:12 PM - Nico Schottelius

- *Status changed from New to Rejected*
